

STONE VENEER

At Hopper we have a soft spot for our hardest material, STONE! Stone veneer adds a unique layer to your home that regular siding material just cant do. With hundreds of options and even some stock options let us help YOU add that layer of wow to your home.

Provia Stone

Beauty at a value. Provia stone is one of our most economically priced stones that still projects sheer beauty. We currently stock 3 stone color/profiles as well as most of the accessories.

ELDorado Stone

Timeless beauty! ELdorado features the most realistic stone on the market. With quick turn times we can see most all of ELdorado's eastern profile stones within a week.

Pangea Stone

REAL stone! Pangea stone is real veneer stone. Featuring an exclusive grip set technology they manufacture grooved in the back of their stone allowing for an easier set on real stone.

ElDorado Stone

Stacked stone. ElDorado offers multiple stacked stone colors to give you a simple seamless stone beauty.

Pangea Stone

Pangea stone offers a variety of real stone options. Featured above is a black limestone. Other stone options will be made of granite, quartzite, and sandstone. Pangea stone brings real stone beauty to you at a fair price.

Versetta Stone

No mortar, no mess! Versetta is the top name in mechanically fastened stone. Featuring a nail flange and built in rain screen Versetta is a go to for the DIY homeowner. All you need is a drill, level, and grinder with a masonry disk.
