

# ROOFING

At Hopper Building Supply our bread and butter shingle is the CertainTeed Landmark. We stock all 11 regional colors and corresponding ridge cap. Is CertainTeed not your cup of tea for shingles? No worries through our network of vendors we can get what you need. Standing seam metal options as well as a growing desire for metal shingles are also areas we can cover.

## CRANE ROOFTOP DELIVERIES

Is your home a multi-story or landscaped around? Do you want to carry them up a ladder? No? We have you covered. our Crane can bring the pallet of shingles to the roof for you to unload and save your back.

## CERTAINTEED ROOFTOP DELIVERY

Long walk? Not when the crane can reach to where you need it. Schedule your rooftop delivery and let our machines do the hard work.

## SHINGLE GROUND DROPS

Large projects with a machine on site? We can use our forklift truck to bring the material to you and stage for your machines.

## FORLIFT TRUCK DELIVERIES

This is a load for our local High School's new sports complex. Met CertainTeed's delivery truck and unloaded with our forklift truck.

## COLORS ON DISPLAY

Are you building new or just replacing your old roof and cant decide on color? Put your worry to rest with our displays inside and out. Get a visual of what the actual shingles look like and how lighting effects the color.

## CEDAR SHAKES? NO IT'S METAL

Do you want to put one roof on your home and never have to worry again? However, you still want it to look like shakes or a shingle and not a barn. Look no further than our steel shingles by Provia. Get the authentic look with the performance of a metal roof.
